Bengaluru, India | +91 9632311957 | hvbhuvansharma@gmail.com | LinkedIn: linkedin.com/in/bhuvan-sharma-h-v-ab02b6410

PROFESSIONAL SUMMARY

Computer Science & Business Systems undergraduate with hands-on experience in Python, DBMS, web development, AI-assisted data integration, UI/UX design, and technical project execution. Experienced as a student leader and branch head, with additional experience organizing a national-level technical fest for approximately 400–500 participants. Combines technical problem-solving with creative design, communication, and team leadership.

EDUCATION

Bachelor of Engineering in Computer Science & Business Systems — Malnad College of Engineering

2023 – 2027 (Ongoing) | CGPA: 6.0

TECHNICAL SKILLS

Programming: Python, C, C++

Database: SQL, DBMS

Web: HTML, CSS

Hardware & Integration: Arduino Uno, Health-Monitoring Sensors, AI & Data Integration

Design: Figma, UI/UX Design, Presentation Design, Technical Documentation

Creative Tools: DaVinci Resolve, Canva, CapCut

Professional: Project Management, Team Leadership, Team Management, Communication

PROJECTS

Healthcare Watch Model for Cardiac Monitoring

- Designed a wearable healthcare monitoring concept using health-monitoring sensors for real-time cardiac data tracking.
- Explored AI-based data integration for health insights and risk-alert workflows.
- Led UI/UX design, technical documentation, and system-architecture presentations.

Smart Door Locking System

- Designed an automated access-control prototype using Arduino Uno with basic Python programming.
- Structured the system workflow for secure access control and streamlined user interaction.
- Led UI/UX layout, project presentation, and comprehensive technical documentation.

Online Voting System

- Developed a responsive web interface using HTML, CSS, and Python with a DBMS-backed workflow.
- Structured database-related functionality for organized digital voting operations.
- Led UI/UX design, system documentation, and project showcase presentation, using AI-assisted development tools where applicable.

LEADERSHIP & ACHIEVEMENTS

- Branch Head & Class Representative: Served as the primary student leader for the branch, coordinating student activities, communication, and departmental responsibilities.
- Best Branch Award: Led and contributed to branch-wide efforts that resulted in the branch receiving the Best Branch award at the college level.
- Best Class Representative: Recognized as Best Class Representative in an all-college competition.
- Organizer — National-Level Tech Fest: Led coordination and execution of a national-level technical festival with approximately 400–500 participants.
- Head — Design & Social Media Committee, College Tech Club: Led design, media, and outreach activities for technical events.
- College Cultural Team Coordinator: Managed event logistics, team coordination, and participation across competitive college fests.

HOBBIES & INTERESTS

Video Editing • Art & Creative Work • Combat Sports • Visual Design
